

TRY TO ELECT GILLETT ON FIRST BALLOT

CONFERENCE TO SETTLE STRIKE

JOHN A. BRITTON.

John A. Britton Will Meet With
Representatives of United
Railroads and Carmen

SAN FRANCISCO, Sept. 4.—THE NEWEST DEVELOPMENT IN THE STRIKE SITUATION IS THE EFFORT OF MAYOR SCHMITZ TO FORM A BOARD OF ARBITRATION WHICH WILL BE ACCEPTABLE TO THE UNION MEN AND THE UNITED RAILROADS.

A PEACE CONFERENCE HAS ALREADY BEEN FORMED. THE RAILROAD IS TO CHOOSE A REP-

RESENTATIVE AND, LIKEWISE THE CARMEN'S UNION. MAYOR SCHMITZ HAS APPOINTED JOHN A. BRITTON, MANAGER OF THE ELECTRIC LIGHT COMPANY OF SAN FRANCISCO, TO MEET WITH THE REPRESENTATIVES OF THE UNITED RAILROADS AND THE CARMEN'S UNION. THE COMMITTEE WILL ENDEAVOR TO SETTLE THE STRIKE.

GANS OFFERED \$25,000
TO FAKE WITH NELSON

GOLDFIELD, Nev., Sept. 4.—Neither Gans nor Nelson were stirring this morning, though Gans will probably come in from Columbia later in the day.

Nelson is so badly battered that he will stay indoors until he can leave town.

He will not linger longer than is necessary, as he probably is the most unpopular man who ever visited Goldfield.

Gans goes to San Francisco in a few days to consider a theatrical engagement.

With the exception of Nelson's party, not a dissenting voice has been heard about the decision awarding the fight to Gans on a foul.

Even losers in betting make no complaint, and numbers of them called him the colored man and congratulated him in the showing he made.

Gans says that he was offered \$25,000 to let Nelson win, but he would not say who made the offer.

Joe Gans declares his belief that Nelson fouled him intentionally, knowing that he had no chance to win. The Negro says that he was comparatively

fresh when the foul blow was struck and was sure of winning. Had he not broken a bone in his right hand in the twenty-seventh round he says that he would have finished the Dane before the thirty-fifth round. Larry Sullivan has announced that Gans is willing to meet Nelson again within two weeks, but sporting men think that another contest is not likely to be arranged so soon.

Jimmy Britt says he is ready to meet either Gans or Nelson.

CHALLENGE TO GANS.

BUTTE, Mont., Sept. 4.—Mike (Twin) Sullivan, who defeated Jack Daugherty here last night for the welter-weight championship of the world, today posted \$1000 for a fight with Joe Gans in Butte at the weight at which Gans and Sullivan fought before. The Butte Athletic Club has wired Gans offering a purse of \$5000 for the fight, to take place in Butte at an early date.

Warrants were issued for Daugherty and Sullivan after the fight last night.

LIEUTENANT DUNN IS
DISMISSED FROM NAVY

WASHINGTON, Sept. 4.—By direction of the President, Lieutenant Edward H. Dunn, U. S. N., was today dismissed from the service of the United States. Lieutenant Dunn was attached and sentenced to dismiss.

MAYOR SCHMITZ NOT
TO SEEK NOMINATION

SAN FRANCISCO, Sept. 4.—The official announcement was made by Mayor Schmitz today that he was not a candidate for governor on the Re-

publican ticket, and that should his name go before the Republican convention about to assemble at Santa Cruz, it would be without his wish or sanction.

BOY MISTAKEN FOR A BURGLAR FATALLY SHOT BY GUARDIAN

SAN FRANCISCO, Sept. 4.—Elmer Quinn, a youth of fourteen years of age, was shot by his guardian, William H. Hutton, of 1459 Eleventh avenue, early this morning while the lad was climbing through the window. The boy was taken for a burglar. His wound is serious and he now lies at the Central Emergency Hospital in a critical condition.

The man who did the shooting explains his deed on the score that he did not know that the young boy who was shot would return to his home from which he had absented himself for several days.

After he was shot once the lad cried out "don't shoot" but the mischievous had been done and he was taken to the Central Emergency, where he lies with a bullet between his seventh and eighth ribs.

Mr. Hutton is director of the Boys' Settlement Club. He was formerly in charge of the detention home. He has not been arrested.

THOUSAND MORE STRIKE-BREAKERS HAVE NOW ARRIVED

SAN FRANCISCO, Sept. 4.—A thousand strong, the second contingent of Farley strike-breakers were landed in this city this morning between midnight and dawn. Unlike the first train load, the majority of the new arrivals are experienced motormen and conductors, and the few deserters from their ranks say that they have come west with a realization of conditions and a determination to break the strike at all hazards. The strike-breakers reached San Francisco on a river steamer from Vallejo.

The two sections of the train containing the strike-breakers, one composed of the men recruited in New York, and the other of those gathered in Philadelphia, arrived in the navy yard town at 10 o'clock last night, and

preparations at once went forward to assemble them on shipboard. Union pickets met the men when they landed and marched beside them as they hurried south. The strikers used what persuasion they could to draw individuals from the column, and were successful with a number, who managed to escape without interference from the guards.

Three hundred of the strike-breakers were taken to the Turk and Fillmore street car barns. Four hundred more marched out to the stockade at Presidio avenue and California streets and the last three hundred found shelter in the Haight street car barns. No attempt was made by the United Railroads this morning to run the cars.

ACT QUICKLY

Delay Has Been Dangerous in Oakland.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidneyills.

Plenty of evidence to prove this.

T. H. Wallace, of 115 Eleventh ave., Oakland, Cal., says: "It is so long since I had backache that I have almost forgotten that I ever had it. Doan's Kidney Pills cured me so thoroughly that I have not suffered on this account since I first used them. I had backache by spells for several years and they were particularly severe when I caught cold. A few days after using Doan's Kidney Pills I noticed an improvement and I have not had a return of the trouble since. I do not hesitate to advise kidney sufferers to use Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

OELRICHS' DEATH DUE TO BRIGHT'S DISEASE

NEW YORK, Sept. 4.—The death of Herman Oelrichs, which occurred on the North German Lloyd steamer Kaiser Wilhelm der Grosse far out at sea, was due to Bright's disease, according to a wireless dispatch received by the Associated Press today. Mr. Oelrichs died last Saturday evening at 8 o'clock. He was very ill when he boarded the steamer, but his condition was not considered critical. Soon after the steamer sailed, however, his condition became rapidly more serious, and on Thursday he was obliged to remain in bed. From that time until his death he sank rapidly and steadily.

The Kaiser Wilhelm der Grosse, with Mr. Oelrichs' body, is due to reach her dock about 2:30 o'clock this afternoon.

PARDEE'S CHANCES ARE IMPROVING

IT WILL BE GILLETT OR GOVERNOR PARDEE

strongly disputed by the delegates themselves.

But there is a sifting of the truth from the mountain of claims; none can tell how the matter stands. It is plain, however, that Pardee has for the moment lost prominence in the south. If he can hold his lines elsewhere, and tide over a ballot or two, his chances are excellent. Otherwise there is nothing to it but Gillett. In that case Ruef will be pocketed and be compelled to take any old bone the organization may care to throw to him.

He has been playing all along to hold the balance of power, not really expecting to nominate Hayes, but at the right time give the decision in favor of Gillett or Pardee, as his interests dictated.

But the furious horse, foot and dragoons charge of Walter Parker's organization legions has changed the face of things. It has pushed Hayes and Ruef to one side while Pardee's whole line is being hammered in an effort to cause a general break. The organization will organize the convention.

Judge McKinley of Los Angeles will be chairman and Frank D. Ryan of

for Gillett and the latter for Pardee. Sacramento secretary. The former is Parker has decided that the Governor shall be nominated first and the Supreme Judges next.

It looks as if the sitting judges—Henshaw, Lorigan and Shios, would be nominated by acclamation. Oster and Burnett are out of the fight now and Melvin has no show, apparently. A northern man is still safe for attorney-general, provided his dozen votes in the northern mining counties go to Walter Parker, but Colgan is again in jeopardy because the Sonoma delegates refuse to program against Parker.

If the program continues in the effort to force the immediate nomination of Gillett Ruef may be forced to Pardee for self protection. Last night informed me that the choice was between Gillett and Pardee. He said "Gillett antagonized the labor organizations and nobody believes in Pardee." But he intimated that he would ultimately have to take one or the other. Which is a fact. It is Pardee or Gillett. This proves that the organization is afraid of a long drawn battle.

KILLED IN A BIG EXPLOSION

FRESNO, Sept. 4.—As the result of a terrific explosion, the shock of which was felt for a radius of ten miles; one man was killed and another dangerously wounded, and \$300,000 worth of property was destroyed, this forenoon at the big Calvina winery of the California Wine Association, about three miles from town on the Malaga road. The explosion was followed by fire, which completed the havoc and was responsible for the major portion of the loss.

The explosion demolished a big brick building and partially wrecked adjoining brick structures of the largest sweet wine making establishment in the State. The cookhouse, bunkhouse and bonded warehouse alone escaped damage.

The fire destroyed the sherry tank building, containing over 250,000 gallons of wine, an adjacent warehouse and several hundred cords of wood, besides damaging the fermentation cellar and setting fire to grass fields south of the plant.

The explosion took place shortly after 9 o'clock in the sherry oven, where wine was being subjected to pasteurizing process, and may have resulted from one of several causes, the one most likely, spontaneous combustion of gases from the overheating of the plant.

The man killed was Henry Shelling, 45 years of age, of San Francisco, a cripple who came here as a refugee after the fire. He was sitting near the entrance of the building in which the explosion occurred. His remains have not yet been recovered.

The injured man is Morris Peterson, a cooper of Fresno.

BIG LOSER BY FIRE.

KANSAS CITY, Sept. 4.—The loss on the power house of the Kansas City and Leavenworth Railway Company at Wolcott, Kansas, fifteen miles west of Kansas City, which was destroyed by fire last night, is today placed at \$150,000. The insurance is 75 per cent of the loss.

FLURRY IN MARKET.

NEW YORK, Sept. 4.—There was a flurry in the call money market in the last hour of trading on the Stock Exchange this afternoon, and the call rate to 20 per cent by 2:15 o'clock. At 2:35 p.m. money on call was quoted at 30 per cent. The stock market was unfavorably affected by the rise in money, and the active shares declined a point or more.

GOVERNOR DECLARES IT WILL TAKE THE ENTIRE OPPOSITION TO DEFEAT HIM

San Francisco Delegation Will Hold a Caucus Tonight
—Abe Ruef Discusses the Situation With a "Tribune" Correspondent—Pardee Is on the Increase.

By PAUL GOLDSMITH

Special to THE TRIBUNE.
SANTA CRUZ, Sept. 4.—The situation at Santa Cruz, in brief, is:

1.—Pardee's chances look improved.
2.—Abe Ruef holds control of the Republican State convention.

3.—The question of who is to be the nominee for governor is still unsettled.

Governor Pardee and his lieutenants are confident, while Gillett looks worried and is constantly saying "that story is only started a scare."

As a matter of fact the Gillett forces are spreading "scare" stories themselves, one of which is that they can, if necessary, pull some of the Alameda county delegates away from Pardee on the first ballot.

That don't look as if they were very sure of their ground, but the situation

is in the hands of Abe Ruef and his refugee delegates from San Francisco. Pardee and Gillett have each about the same number of votes, provided everything possible is thrown to Gillett in round figures about 200 each.

The convention is composed of 825 delegates, leaving Ruef and his 150 in control.

Ruef is constantly in consultation with "Black" Hayes, but he says nothing definite.

The story is freely circulated, however, that Ruef has said that he will not stand for Gillett and that is why the Pardee stock has risen, for Hayes is not regarded seriously.

This is what Ruef said to me: "The San Francisco delegation has taken no action; few delegates have arrived, and we will caucus tonight. It looks to

me as if Gillett has a few more votes than Pardee, and the San Francisco delegation certainly controls. I want the man who can get the most votes for the Republican ticket, and is true to his friends."

That is a nice little snapper about true to his friends.

It is persistently said that Herrin and Ruef are further apart, which is another cause of the rise of Pardee's stock, because either Ruef or Herrin could nominate Pardee against the other.

Will Try to Nominate Humboldt Man Without the Assistance of Abe Ruef.

Edward H. Hamilton, writing for the San Francisco Examiner, says:

SANTA CRUZ, Sept. 3.—The call to arms has been sounded. Herrin has sent out the rimmers and the whips. Gillett is to be nominated on the first ballot and without Ruef.

Ruef says it cannot be done.

The Pardee men say that Ruef holds the balance of power. They see him tonight that they had never seen him before, as the delegations had come in, and that he still had the power to name Pardee or Gillett. Ruef agrees with that view. He says it may be good politics to name Gillett and it may not be.

But the Gillett managers are exultant and defiant. They said that they had secured their nomination on the first ballot and they intent to jam it through. They will call on the Merritt reserves in San Francisco. That looks like a split with Ruef.

PASTOR REBUKES STRIKE LEADER

Rev. Brown Says President Cornelius is A "Man of Small Interest."

Rev. Charles R. Brown pastor of the First Congregational church took occasion last night in his sermon on "Christ and the Working People" to criticize the striking carmen of San Francisco for blindly following the leadership of Richard Cornelius, whom he characterized as "a little man always in a hurry."

"Cornelius has been known for a long time," said the minister, "as a man of small interest, who has held an unwarranted influence over the men of the union which he has not always exercised with the greatest amount of wisdom."

He made his sermon the occasion for an address on the labor movement all over the country, and said that he had always stood with the laboring man in his efforts to better his condition

through the unions. He expressed himself as in sympathy with the unions, but regretted that they were not always led by men of such caliber as John Mitchell of Pennsylvania.

There were times, he said, when the unions allowed themselves to listen to the words of agitators and refused to follow the leadership of sober-minded men, and he advanced the opinion that the present strike at San Francisco was one of them.

The minister said, "forgot the first principle of a business contract, and by striking when they did, lost the popular sentiment that was with them and brought disgrace on their union and on the fair name of San Francisco."

TWO BICYCLES STOLEN.

Robert Erickson of 663 East Twelfth street has reported to the police that his Imperial bicycle was stolen from Smith Bros. store about 10 o'clock last night.

At about the same time the Featherstone bicycles of G. H. Wetherm of 1264 Seventh avenue was taken from in front of 322 Fourteenth street.

Delegates to Congress of Geologists Climb to Crater of Mt. Colima Volcano.

CHICAGO, Sept. 4.—A dispatch to the Inter-Ocean from Mexico City says: With their bodies severely burned by the fire of Mount Colima volcano, fourteen adventurous delegates to the International Congress of Geologists, which meets in this city this week, reached here yesterday. The trip to the crater of the volcano was a perilous one. It had never been accomplished before by anyone, although several attempts to scale the precipitous mountain had been made.

The members of the party of mountain climbers went about their work methodically. They established camps at different points on the ascent and made a certain amount of progress each day until the summit was finally reached. The smoke was so positive for great volumes of smoke, but this did not deter the explorers from advancing to the very edge of the crater. A hot and sudden blast of fire from the depths below badly scorched the bodies of the men, and they beat a hurried retreat.

Those who comprised this daring party were:

A. Hovey, of New York; John E. Wolfe and H. F. Cleland, of Boston; H. W. Reid, of Boston; Randolph Ruudman, of Albany, N. Y.; W. H. Weed, of Washington; Frank M. Adams and A. Bancroft, of Montreal; A. P. Collier, of Toronto; George Berg and Rudolph Stabach, of Berlin; Yasuaki Yaku, of Tokyo; Paul Walte, of Mexico City; and Enrique Hust, of Guadalajara.

PORtUGUESE HOLDING ANNUAL CONVENTION

With a mass celebrated Sunday morning at the Portuguese Catholic Church by Rev. Father Galli, the fifth annual convention of the Portuguese Ladies' Protective Union of California was opened. After the religious exercises the delegates, of whom there were eighty-six present, assembled in Pythian Hall.

There the reports of the grand officers for the year ending September 1 were read. Grand President Mrs. M. A. Philippe reported that the membership of the organization had been increased 293 since the last convention and that five new councils had been instituted. The union now has twenty-eight councils in California.

Last evening there was a dramatic entertainment presented in Germania Hall under the direction of three Oakland councils of the order. This morning at 11 o'clock there will be an open session of the union in Pythian Hall, at which time the nominations for grand officers will be made. The election of the grand officers takes place this afternoon and their installation will be held Wednesday evening. Tonight the union is to give a ball in Central Hall on Twelfth street, between Franklin and Broadway.

PRIMARY ELECTIONS IN WISCONSIN

MILWAUKEE, Sept. 4.—Primary elections are being held throughout Wisconsin today for the first time since the law was enacted. The voters will nominate candidates for four state tickets—Republican, Democratic, Prohibition and Social Democratic—and will select candidates for congress, the state legislature and county tickets.

The chief interest centers in the contest for the heads of the Republican and Democratic state tickets. Governor James O. Davidson and Irvine L. Lenroot are the chief contestants on the Republican ticket for Governor, while Senator Morton and John A. Arguello are candidates for the head of the Democratic ticket.

There are contests for congress among the Republicans in all but three of the eleven districts. The only Democratic contest is in the first district.

BOARD READOPTS THE TAX RATE

The members of the Town Board met last night as a Board of Equalization with Favor, Schad, Ferrer and Hoff (chairman) present and readopted the tax rate.

The Board of Equalization and the members met again at the Board of Town Trustees to tax ordinance, specifying the tax rate, was adopted on motion that the ordinance be passed to print. The board will meet again tonight to confirm its action of last night. The board was obliged to meet last night, although it was a holiday as the charter requires the tax ordinance to be passed to print on the first Monday in September.

TWO WOMEN SCALDED.

BUFFALO, N. Y., Sept. 4.—Two women were scalded and 250 passengers on the steamer Koerber on the Niagara river. The injured women are Mrs. August Schenck and Mrs. George P. Lurser of Tonawanda. Both are badly burned, but will recover. When the steamer left Tonawanda for Edgewater, a resort on Grand Island, most of the 250 passengers crowded on the upper deck. This made the steamer top heavy and the swift current and rough water in the middle of the Niagara river caused her to reel heavily. The passengers rushed to the side of the deck, adding to the unsteadiness of the boat. Suddenly a steam pipe burst, enveloping the passengers in a cloud of steam. The excitement grew into a panic. The captain swung his boat toward the mainland, and with the aid of the current and what steam remained in the boilers, succeeded in bringing her to a dock, where the passengers were landed.

NOT BADLY INJURED.

WASHINGTON, Sept. 4.—According to a telegram received at the navy department today from Commander Coffman, commanding the cruiser Boston, which was reported to have gone on the rocks off Peapod Islands, in the Straits of Rosario, the cruiser is now in port at Bellingham, Wash. As nothing was said in the dispatch about any accident to the ship, the presumption is that she was not badly injured.

The torpedo boat Paul Jones also was reported by Commander Coffman to have arrived at Bellingham.

ARE TO INSPECT VALPARAISO RUINS

Secretary Root and Party Left Santiago Today for the Destroyed City.

SANTIAGO DE CHILE, Sept. 4.—Secretary Root and his party, accompanied by Foreign Minister Hunnes, the American Minister Mr. Hicks and the reception committee, left Santiago today for Valparaiso to inspect the ruins caused by the earthquake previous to embarking on the cruiser Charleston for Callao.

The feeling of friendship for the United States here has been strongly increased by Mr. Root's visit. At the reception given at the American Legation, given by the Foreign Minister in honor of Mr. Root, which was attended by President Biesco and the diplomatic corps, in addition to the numerous representatives of the American and English colonies present, many distinguished representatives of Chile

and the unions. He expressed himself as in sympathy with the unions, but regretted that they were not always led by men of such caliber as John Mitchell of Pennsylvania.

THE OAKLAND TRIBUNE would like to hear from readers of the paper. We want your ideas. Write a letter occasionally on some current event that interests you. Letters should be short—not over 250 words—and written on one side of the sheet. Don't be personally abusive; but state your facts and conclusions plainly, concisely and temperately.

Complete Success of "The Tribune's" Enterprise.

THE TRIBUNE is particularly proud of the magnificent success of every branch of its service in connection with the presentation of the news of the lightweight championship fight at Goldfield for the gratification of the popular desire for information of what was going on in the ring. The contest was, of course, the event of the day, in which public interest was centered, and concerning which the people generally impatiently awaited the news. To satisfy this, THE TRIBUNE inaugurated a special bulletin service for the display in graphic brevity of the progress of the fight. This was served by special wire direct from the ringside and was displayed in front of the Novelty theater on Broadway, between Eleventh and Twelfth streets, to an intensely interested gathering of at least 12,000 persons. The throng was so dense that it interrupted street car traffic on the broad thoroughfare. This bulletin service was the only one carried out by any paper in Alameda county. TIBUNE bulletins were also supplied to the Novelty and Bell theaters, to Berkeley and to various points along the San Leandro road.

The great fistic event put the new mechanical plant of THE TRIBUNE to a severe test, of course. That was to be expected. Five editions of the paper were, however, worked off the new Goss press without a single hitch of any kind. And so great was the public demand for the news regarding the fight that the sales of the extra edition of THE TRIBUNE, which was issued immediately after the result was known, exceeded 20,000 copies. It is a matter of much self-gratulation to THE TRIBUNE that its enterprise was so successfully carried out and so well appreciated by the public generally.

Alaska's Mineral Wealth.

Parke Goodwin's report of the richness of Alaska in minerals, as presented in an interview published in yesterday's TRIBUNE, is merely confirmatory of the knowledge which the world has acquired through other sources regarding the territory's vast mineral resources. The enormous flow of placer gold which is coming out of the territory annually, each year in increasing quantities, is positive proof of its extraordinary richness in precious metal. Probably no section of the continent is more highly or more richly and extensively mineralized than Alaska. It is handicapped in its development, it is true, by its remoteness from the great centers of population, the popular notion that it has an intensely rigorous climate and barren soil, and the natural obstacles to travel which exist through its interior. It has been satisfactorily proved, however, that many popular ideas regarding Alaska's soil and climate are entirely erroneous. There are vast areas well adapted to the cultivation of vegetables and the harder classes of grain and the raising of live stock, all of which has been demonstrated through the researches and experiments conducted in the territory under the auspices of the Agricultural Department at Washington. Internal transportation facilities are being developed at various points in the territory, which will materially aid in the exploitation and settlement of the interior in future years. And while the territory is now chiefly notable for the products of its auriferous placers and its salmon fisheries, its future greatness will doubtless grow out of its vast deposits of copper and other useful metals, and the establishment and expansion of those manufacturing industries which invariably follow the opening up of mineral resources of this order in any country. Alaska is undoubtedly a country of great possibilities and promise.

The Passing of Hermann Oelrichs.

The death of Hermann Oelrichs while crossing the Atlantic Ocean homeward-bound will be mourned by all Bohemia in this State, for he was one of its most famous clubmen and a bon vivant in the true sense of the term. Oelrichs' devotion to healthful athletics was scarcely less pronounced than his fondness for bright, congenial and cultured companionship and good living. There was probably no more popular man in the social circle in which he moved. He was, however, a man of large business ability, as well as of social and literary qualities and rare good fellowship. He was passionately fond of San Francisco, and became enamored of the State generally from the time of his marriage to Tessie Fair, one of the daughters of the late Senator Fait, some twenty-five years ago. California loses in him, in fact, one of its stanchest and most steadfast advocates. Probably no man in the State will be more greatly missed than Hermann Oelrichs from the club circles in which he has cut such a conspicuous figure for a quarter of a century past.

According to the bulletins which are being issued by the California Promotion Committee, the work of rehabilitation is making marvelous progress in San Francisco; but it cannot be overlooked, however, by the conscientious observer of what is really taking place, that there is a disposition toward overstatement of the facts in some of the committee's representations. Nothing can possibly be gained by misrepresenting matters. Reconstruction is progressing as rapidly as can be expected, perhaps, in the burned district, but it is scarcely developing on the scale reported in these promotion bulletins.

It is evident that one side or the other in the street railway strike in San Francisco must recede from the position taken and make concessions. No settlement can be effected if both parties to the contention remain obstinate. It is quite as clear, also, that whichever side makes the first rational advances toward a final settlement is the one which will win over popular sympathy and favor, and these have become important factors in all cases of this kind in these days, to which fact due consideration must be given.

If the operations of the criminals which have recently flocked to this city, as a result of the San Francisco conflagration, continue to increase much more in boldness and in numbers, it will be in order for every honest and peace-loving citizen to carry arms as a necessary means of self-protection, for the police seem to be incapable of properly handling the situation as it is.

Revised Intercollegiate Football.

In deference to the strong public sentiment against intercollegiate football, created by the great number of casualties and the high rate of mortality among the players through the extreme roughness of the game, its continuance was prohibited last year by most of the Eastern universities and high schools. This resulted in a revision of the rules of a joint committee of experts which, it was maintained, reduced the chances for rough play to a minimum. A majority of the Eastern universities decided to accept the revision and continue the sport. A few weeks ago the new rules were published, but they seem to be so complicated that the minor coaches of the various collegiate teams declare their inability to understand what they mean. It is reported that Walter Camp and other old Yale football coaches, who have hitherto controlled the sport and been responsible for the revision of the rules, have been overwhelmed, in consequence, with appeals for explanations and for definite interpretations of the new rules. Why any of these new rules should be so obscure as to be unintelligible to any ordinary coach passes all understanding, unless the theory is accepted that obscurities were necessary to insure the retention by the professional ring of the grip which it secured on the game as formerly played. This is not at all improbable, because intercollegiate football had become a source of enormous profit to a small coterie of coaches, who brought all kinds of influence to bear upon the faculties of the American universities and colleges to reconsider its abolition and the cutting off thereby of their big revenues.

Be that as it may, it is quite evident that the faculties of the universities in this State acted wisely in eliminating the game from the list of approved field sports for the student bodies, for, aside from the confusion created by the new rules, there is every reason to believe that they do not remove, in any true sense, the opportunities for the continuance of those brutalities which have been responsible for the numerous deaths and serious injuries among intercollegiate football players and which brought the sport into disrepute.

As a substitute the two big universities have adopted Rugby football, out of which so-called intercollegiate football originally sprang. This is, in a large sense, in the nature of an experiment. The sport is being introduced here, as a matter of fact, under a serious handicap, for the college teams and their respective coaches are novices in the game. Moreover, Rugby has not been exemplified in California by any organized or well-trained teams, save during last year's short visit of the New Zealand team on its return homeward from its triumphant tour through the British Isles. Even then, these expert players were not shown at their best, for the reason that they were opposed only by a scratch team which had not been trained and most, if not all, of whose members had not played the game for many years previously. Whether the introduction of Rugby will excite any degree of popular enthusiasm, under these circumstances, is, therefore, problematical.

It is a matter of some interest, however, to know that, while Rugby is being introduced here as an intercollegiate college sport, it is passing out of public favor in the land of its birth, the more rapid and inspiring game of association football outranking it in general popularity throughout Great Britain. The attendance at association football matches in that country is tenfold greater than that attracted by Rugby matches between the best teams in the United Kingdom, for association is genuine football which, owing to the rapidity of the play and the ever-changing course of its tide, rivets the interest of the spectators from start to finish. Some of the association football matches played in England of recent years have drawn as many as 150,000 spectators to the field, thousands of them being brought to the grounds by special trains from long distances. In New Zealand association football is displacing Rugby, and the champion team freely admitted, when passing through this city, homeward bound, that the latter game would be a back-number in the Antipodes as a popular sport within two years. Association football has been played in this State under an organized amateur league and union for four years, and is gaining ground steadily. It was thought at one time that the universities would adopt it as a substitute for the tabooed intercollegiate, as the game possesses those qualities of sanity, activity, skill and physical energy which appeal to American lovers of field sports and make baseball popular; but the paid football coaches carried the day by accepting Rugby as a compromise. In doing so, they saved their occupation and salaries, but it remains to be seen whether they will make a success here of a sport which is declining in those countries where it was once popular. It is, doubtless, worthy of a fair trial; but it is plain that intercollegiate football will never be restored here and that the unintelligibility of its revised rules dooms it to ultimate extinction in the East.

The labor unions made a great display of the industrial development of this city in yesterday's street parade.

CHIPS FROM OTHER BLOCKS.

Constipation

You cannot possibly enjoy the best of health if your bowels are constipated. Undigested material, waste products, must be daily removed from the body, or there will be trouble. Constipation means bilious attacks, indigestion, headaches, nausea, dizziness, loss of appetite, thin blood. Ayer's Pills are gently laxative, all vegetable. SOCIETY

MISS KLEEMAN TO BE A BRIDE

Dr. William Jarvis, Will Wed
Fair Oakland Girl This
Evening.

The marriage this evening of Miss Estelle Kleeman and William Jarvis will be the most elaborate event of the early season. Over 600 guests are invited to the church and a number of friends and relatives will attend the reception to follow at the home of the bride's mother, Mrs. William Kleeman, on Madison street. Pink and green is the effective color scheme chosen for home and church decoration and the same exquisite blending has been suggested in all the wedding accessories.

The bride, who is a beautiful girl of the dem-blond type, will wear a gown of ivory-hued satin, mousseine made princess style. The yoke and berthe are of real lace and the long skirt, made in train, is elaborated with panels of the lace. The tulle veil will be fastened with a cluster of lilles of the valley and the bride's bouquet is to be a graceful shower of lilles. The bride's only ornament will be a diamond brooch, the gift of the groom.

The maid of honor, Miss Maud Campbell, will wear a pink satin princess gown, cut decollete, and trimmed with pearls. Her bouquet will be bridesmaid roses. She will wear a crescent of pearls, the bride's gift.

The bridesmaids will be gowned alike in pink silk princess gowns with boleros of lace and trimming of chiffon roses. They will carry shower bouquets of maidenhair fern and will wear rose coronets in their hair. Each will wear her gift from the bride, a gold and pearl pin.

Miss Grace Langley, Miss Dolly Tappay, Miss Fannie Potter and Miss Blanch Laymance will be the bridesmaids. The ushers include Lionel Sherwood, Eugene Farnham, Robert McMullen and Dr. Frank Kleeman. Dr. C. F. Jarvis will support his brother and Dr. George Kleeman will give his sister into the groom's keeping.

Mrs. William Kleeman, mother of the bride, will wear black lace over chiffon, with diamond ornaments.

Rev. Charles R. Brown will be the officiating clergyman.

Mr. Jarvis and his bride will leave this evening for a honeymoon trip and on their return will make their home in this city.

Mr. and Mrs. Peters-Six.

The following news from Stockton is of interest to Oakland society:

Dr. C. L. Six and Miss Genevieve Peters were married yesterday morning at the home of the bride's father, Major J. D. Peters, the well-known capitalist. Rev. Father O'Connor performed the ceremony. Major Peters is very ill, but he insisted that the wedding be not delayed on that account.

The guests were limited to a few intimate friends, who gathered in the sick room. Mrs. Six has been prominent socially here and in San Francisco. She is an accomplished young woman and a younger sister of Mrs. Will Ashe.

ELABORATE RECEPTION.

Cards are out for an elaborate reception to be given by Mrs. Ella Bacon on September 17 at "Thorkill," the Bacon home in Linda Vista. The reception is in compliment to the charming bride, Mrs. Beach Soule, and several hundred guests are bidden to the affair.

EBELL RECEPTION.

The Ebell reception this afternoon at the Home Club was a brilliant affair, several hundred guests attending the first reunion of Ebell members and friends.

An informal business meeting occupied the early afternoon, Mrs. I. N. Chapman reading "Biennial Notes" from the national convention, which she attended as corresponding secretary of the State Federation of Clubs.

The musical numbers included: Piano duets, Rigaudon, op. 55, No. 6 (Cecile Chaminade), Norwegian Tantz, op. 35, No. 2 (Edvard Grieg); Mrs. W. S. Carpenter; Miss Nellie Carpenter; songs, (a) Addio Terra Nata, L'Africana (Meyerbeer), (b) "An Irish Love Song" (Margaret Ruthven Yang), Mrs. Carolyn Crew Rasor, accompanied by Mrs. Carolyn Crew Arlyn; piano duet, Polonaise Militant in A major, op. 46, No. 1 (Chopin), Mrs. W. S. Carpenter, Miss Nellie Carpenter.

At the conclusion of the program there was a social hour over the tea-cups. Mrs. Giles H. Gray and Mrs. C. W. Kinsey presiding. The decorations were in charge of Mrs. H. C. Capwell and Mrs. George B. M. Gray.

The receiving party included: Mrs. M. F. Jordan, chairman; Mrs. Charles Woodbury, president of Ebell; Miss

Eva Powell, Mrs. John Bakewell, Mrs. E. C. Morrison, Mrs. J. W. McClymonds, Mrs. E. C. Von Helms, Mrs. E. C. Merrill, Miss Jennie Hill, Miss Grace Burrell, Mrs. J. B. Bunn, Mrs. M. C. F. Weile, Miss Ella Bullock, Mrs. A. M. Esterle.

CHILDREN'S PARTY.

Mrs. J. H. Newman Jr. was hostess Saturday afternoon at a merry gathering planned for her son, Clarence, on the occasion of his birthday.

Prizes were won during the games by Irving Culver, Helen Sturtevant, Mary Louise Hammer, Donald Buddington, Ada Combs, Franck Hammer, Ralph Scovil and Alice Culver, all of whom carried home pretty trophies of the games and souvenirs of the day. Others of Master Clarence's guests were Paul Scovil,

THE TRIBUNE'S DOUBLE PAGE

ROMPS HOME AT SIXTY TO ONE

DETROIT, Sept. 4.—Although but one favorite won yesterday at Windsor track, the public had the better of the argument with the jockeys as the other winners except Ra Bradley's Hanway in the second, were well played. Hanway, at 60 to 1, electrified the crowd by winning by a short nose. He did not show enough in his previous races to warrant his having a chance, but today he was a different horse, getting off in the first division and leaving behind the Pacemaker until the stretch turn was reached. Then he moved up rapidly and raced Romeo and Pacemaker into defeat and had enough left to stand off the determined challenges of Eva Iser, who had met with some interference but was coming strong at finish.

First race, seven furlongs—Conde won, Bouzen second, Birmingham third. Time, 1:28 2-5.

Second race, five furlongs—Hanway won, Eva Iser second, Romeo third. Time, 1:03.

Third race, seven furlongs—Fifi Conde won, Taiba Mook second, Grandal third. Time, 1:27 5.

Fourth race, mile and a quarter—The Borghans won, Sealockie second, Miss Kail third. Time, 2:07.

Fifth race, six furlongs—Horty Ni Ni won, Posing second. Annie Berry third. Time, 1:15 1-5.

Sixth race, five furlongs—Julia Gentsberger won, Charley Ward second, Minos third. Time, 1:02 1-5.

Seventh race, one mile—Sacret won, Cambridge second, Tom Crow third. Time, 1:42.

LANDERS AND WARD IN A DRAW

OAKLAND, Sept. 4.—Fred Landers of San Francisco and Fred Ward of Peoria, Ill., fought twenty rounds this afternoon at the Palm Athletic Club, and Referee At Nelli declared the contest a draw. Landers had a great left lead, but Ward showed superiority in fighting. It was a hard-fought and stubborn contest. Previous to the meeting Landers was a big favorite in the betting. There were three lively preliminaries, which were referred by Harry Baker.

ROY HITT IS LAID UP BY SPRAIN

OAKLAND, Or., Sept. 4.—Roy Hitt, the star of the Seals' pitching staff, has sprained a tendon in his left arm and will probably be compelled to remain out of the game for the rest of the season, if not permanently. The sprain was sustained in the eighth inning of Saturday's game and has proved more serious than at first thought.

BLANCHE WALSH ALLOWED TO PLAY

Court Says She Can Produce the Kreutzer Sonata.

NEW YORK, Sept. 4.—The right of Blanche Walsh to play in the "Kreutzer Sonata," and of Wagenthal & Kemper to produce it, was affirmed by Justice Geigerich today. The play is now running at the Manhattan Theater.

Leopold Schaefer and David Kassler, who asserted that they had secured the rights to the play and that they had arranged to produce it with Bertha Kalich as the star, brought the other firm into court on an order to show cause why the play, with Miss Walsh as the star, should not be enjoined.

After Justice Geigerich's decision today Wagenthal and Kemper began a suit for an injunction to restrain Harrison Grey Fiske and others from producing the play with Bertha Kalich in the star part in this city on September 10. Miss Kalich has already begun her season in "The Kreutzer Sonata" at Pittsburgh.

HOKES SMITH AND BRYAN HONORED

MACON, Ga., Sept. 4.—The unanimous nomination of Hoke Smith for Governor of Georgia and the endorsement of W. J. Bryan for President in 1908 was the principal business transacted today by the Democratic State convention.

The platform adopted contains many radical recommendations and substitutes the majority vote in primaries for nominating conventions in gubernatorial contests. Two-cent railroad fares, State railroad control and negro disfranchisement are demanded.

TRANSPORT SHERIDAN IS A TOTAL LOSS

WASHINGTON, Sept. 4.—A dispatch received yesterday at the office of the quartermaster general of the army confirms the report from Honolulu that the transport Sheridan practically will be a total loss. All the personal property has been removed from the ship and she is now waiting for the arrival of the wrecking apparatus from San Francisco, which will be used in an effort to save her engines, boilers and other movable equipments.

KATE BIRD IS TOLD TO FLY AWAY

"Fly away as far as you can and do not show your face in this court again." This was the advice which Police Judge Samuels gave Kate Bird this morning, when she appeared before him on a charge of drunkenness. The woman has been in jail many times on a similar charge, and when Judge Samuels saw her in the dock again this morning he said: "We are becoming well acquainted, are we not, Katie?" Kate admitted the acquaintance and told the court that she would leave California at once if permitted to go. Judge Samuels granted her request, and told her to fly away and never return again.

TRYING TO SAVE HIS NECK

Sensational Affidavit Is Filed in Weber Case.

SACRAMENTO, Sept. 4.—A startling affidavit in behalf of Adolph Weber, awaiting execution on conviction of having murdered his mother at Auburn, was filed with Governor Pardee today.

Mrs. Isabel Potter, of Fernley, Nevada, deposes that she resides at Auburn at the time the tragedy occurred, and that when she heard the first alarm of fire ran out to her front gate about 350 yards from and opposite the Weber house. She heard a scream and then saw a woman's face at a window, which she afterwards learned was in Mrs. Weber's bedroom. The woman at the window cried:

"Save me, save me, for God's sake, save me."

Mrs. Potter further avers that at this time not more than one minute had elapsed from the sounding of the first alarm and that the lower story of the Weber home was then in flames, which illuminated the second story, enabling her to see the woman at the window.

The evidence of the prosecution was that when the alarm sounded, a single blaze could be seen in the Weber home and this came from the clothing of the murdered people, which had been set afire in the hope of concealing evidence of the murder.

The prosecution also contended, fortified by general evidence, that first Weber killed his relatives and carried their bodies downstairs, where he set fire to them. The fact that even at this late day testimony that a woman was seen at an upper window while the house was wrapped in flames was considered important.

Mrs. Potter avers that she told Sheriff Keenan and Coroner Shepard the circumstances as related in the affidavit, but she was never called as a witness for either side.

ASKS DAMAGES FOR INJURIES

Christian Freese Brings Suit for Large Sum Against Car Company.

Christian Freese brought suit today in Judge Waste's court against the Oakland Traction Consolidated in the sum of \$20,000 for injuries received by being thrown from a street car while it was rounding a curve in East Oakland. The accident occurred on October 1, 1905, at Twenty-fourth avenue and East Fourteenth street.

His right shoulder was dislocated, and he sustained such injuries to his side, that since that time he has been incapacitated. Attorneys Melvin C. Chapman and E. M. Gibson represent the plaintiff. Attorneys Bell and Engs are counsel for the corporation.

The greater part of the day was employed in securing a jury.

BICYCLE THIEF MAY BE A BOY

Youth Wearing Light Suit and Straw Hat Seen Taking a Wheel.

One of the bicycle thieves who are working so successfully in this city at the present time is evidently a youth, as J. M. Boyd of 2513 Fulton street, Berkeley, has reported to the police that his Cleveland bicycle was stolen last night about seven o'clock from in front of a local drug store. The youth was wearing a white light suit of clothes and a straw hat. Boyd stepped into the drugstore for a moment, leaving his bicycle standing outside on the curbing. When he returned for his wheel it was gone. Boyd described the youth that had been seen riding away on the wheel.

E. J. Barton of 916 Broadway, has reported the theft of his Phoenix bicycle from Ninth and Broadway. Oscar Wilds of 746 Twenty-second street had his Ivers-Johnson bicycle stolen. It was standing on Broadway, Frank Street, at night of 164 Ayala street, left his Columbia bicycle at Fifty-sixth street and Telegraph avenue, and it was stolen.

BOAT'S COLORS AT HALF MAST

Body of Hermann Oelrichs Met By Brother and Brother-In-Law.

NEW YORK, Sept. 4.—The steamer Kaiser Wilhelm der Grosse, which arrived from Bremen came into port with colors at half-mast because of the death of Herman Oelrichs on board Saturday last. Mr. Oelrichs died at 8 o'clock in the evening. The cause of death was Bright's disease. Mr. Oelrichs was in poor health for a long time and was ill when he embarked. He was advised to return to his home.

He was conscious throughout, and spoke intelligibly to his servant only half an hour before the end. On the day he sailed he cabled congratulations to his brother, Charles, that being the latter's birthday. He also asked his brother to meet him with a carriage at Hoboken.

The tug S. B. Callaway met the steamer at quarantine, with Charles M. Oelrichs and William K. Vanderbilt Jr. on board, and the body was taken on board the tug and placed in a casket.

ISSUES REQUEST.

SPRINGFIELD, Ill., Sept. 4.—Governor Clinton today issued a request to the State department asking that the United States government make a request upon the government of Morocco to surrender Paul O. Stensland, arrested at Tangier yesterday.

William J. Percy, thought to be a resident of Metz, California, was struck by a train at the western end of First-street trestle yesterday afternoon about four o'clock and fatally injured.

How the unfortunate man met with the accident is not known, and it may be that he committed suicide by throwing himself under the train.

Percy's skull was fractured, and he was knocked unconscious. He was found shortly before five o'clock by the crew of the Alameda local train and taken to the Receiving hospital, where he passed away shortly afterward.

Orey was about sixty years of age, and evidently a laborer. A letter was found on his body, addressed to "William J. Percy, Metz, Cal." This is the name of the dead man.

ELECTORS VOTING FOR BONDS

Mayor Believes the Issue Will Carry at the Polls.

Mayor Frank K. Mott made a tour of the city today in order to ascertain how the vote was progressing regarding the issue of \$556,000 worth of sewer bonds. In speaking about the matter the Mayor said:

"I visited a number of precincts, and found very little opposition to the bonds. The indications at 2 o'clock this afternoon are that the bonds will carry. I sincerely trust that they will carry for it means a great deal to Oakland. In the annexed district, I found a little opposition to the bonds, but I think that will be overcome before the day is over. The polls will close at 5 o'clock."

The seven bond election is to proceed today, and up to 2 o'clock this afternoon the vote was light, but it is believed that the vote will be larger than that of any other special election. From the present indications, the bonds will carry by a large majority. So far no opposition to the bonds has developed. The city is divided into 51 precincts, and in nearly every district there seems to be apathy among the voters.

The proposition which is being voted on is to decide whether or not the city of Oakland will authorize the issue of bonds to the amount of \$556,000 for the purpose of reconstructing the outfall sewers of Oakland. Mayor Mott has been active in urging the necessity of at once constructing the sewer outlets. As the encroachments of the railroads along the water front have completely blocked the sewers, and it is only a question of a short time until the accumulation of stagnant sewage will seriously affect the health of the community. The Chamber of Commerce and the Merchants' Exchange unanimously endorsed the proposition and many of their members are out today in the interest of the bonds.

BENHAM DENOUNCED AS TRAITOR TO SOCIALISM

Warm Debates Characterized State Convention of the Socialist Party in This City Yesterday.

At the State convention of the Socialist party in this city yesterday G. H. Benham, who was present as a representative of the San Francisco Labor Council, was denounced as a traitor to socialism by Delegate McDevitt.

Resolutions against the further immigration of Japanese, Koreans and other Asiatics, and containing sympathy for the striking San Francisco carmen were adopted. The State officers were nominated.

The State convention of the Socialist party was held yesterday morning at 538 Telegraph avenue, the headquarters of the party in this city. The convention was called to order by Secretary Tuck.

R. I. Wheat, of Los Angeles, was elected temporary chairman, and Thomas Booth, of Oakland, temporary secretary. Rayl of San Francisco was made sergeant-at-arms, and a credential committee was appointed, consisting of Bradford, McDowell, Carpenter, Andrews, Williams, Reynolds and Ledger. The committee on permanent organization and order of business was Leonard, McDevitt and Philbrick. The committee on platform and resolutions consisted of Austin Lewis, Duncanson, Richardson, Pohns, Hollaway, Edmiston, Armstrong, Tuck and Gray. Committee meetings were arranged and an adjournment taken until 1 p.m.

The first detail of business at the afternoon session was the report of the committee on order of business arranging the program. Some time was consumed in the arrangement of balloting and of proxies, and in seating delegates with questionable credentials. The time allotted to speakers was limited to five minutes each, and delegates holding proxies were requested not to exercise the voting rights of absent delegates.

BENHAM DENOUNCED.

Delegate King, of San Francisco, asked if the convention was organized. Being answered in the affirmative, he stated that G. H. Benham was present as a representative of the San Francisco Labor Council a body of 40,000 laboring men, to present a communication from the San Francisco council. McDevitt declared that the Socialist party is at all times willing to receive communications from the San Francisco council, "but not from a messenger standing in the relation Benham does to the Socialist party, of which he was formerly a member."

This declaration brought forth much bitter debate in which McDevitt denounced Benham as a traitor to socialism, while other delegates insisted that he be heard without argument. The conservative element won the contention, but when Benham came forward he was hissed.

Benham stated briefly that he was one of three representatives, the other two of whom were unable to attend, and on behalf of the 40,000 working men in San Francisco, he was to present a communication to all of the party conventions. He read the following resolution:

"We favor the enactment of stringent national legislation against the further immigration of Japanese, Koreans and other objectionable Asiatics. The convention instructed Benham to extend thanks to the San Francisco Labor Council and after a few curt words, he left in much the same manner as he had been received.

NOT ADOPTED.

Benham's resolution was not adopted, although the convention passed on similar to it.

The question of delegate exclusion evoked more discussion than any other. It was threshed over every point of view, and it was only after several hours that the convention was able to insert a resolution in the campaign literature that would express the spirit of the party in regard to the matter.

RESOLUTIONS ADOPTED.

Several other resolutions were adopted notably two presented by Austin Lewis who received the nomination for governor. The first which is the seventh as the platform and resolutions stand accepted was a declaration of demands and a report for Mayor, Highwood and Esthorne. The second, the eighth resolution in the order accepted, expresses the sympathy and aid of the party for the striking carmen.

A telegram was received from Atlanta, Georgia, asking financial aid in the effort to liberate Esthorne, the blind socialist candidate for Governor. Esthorne is now in jail for speaking in the streets without a permit. A note written in pencil by the blind socialist, and almost illegible was read. Telegram was forwarded to Atlanta, also one to the New York State convention.

RESOLUTIONS AND PLATFORM.

Following are the resolutions and platform adopted by the convention:

"We favor the enactment and vigorous enforcement of a state and national eight hour law."

"We are unalterably opposed to the tyrannical abuse of the wrist or inusion, its use against strikers and the discrimination of racial by laws in the manner."

"The Socialist Party stands for the strict enforcement of adequate law against child labor and for full provision for the education of the children."

"IV. We favor laws to secure to every citizen the right to vote and the right to cast with provision for direct legislation, and the power to recall officials."

"V. That while we favor public ownership for the benefit of the working class we are absolutely opposed to any scheme of public ownership which would be the destruction of public utility which have for that object the collection of taxation in the interests of the smaller capitalism."

"VI. The Socialist Party holds that the ultimate solution of the wage system lies in the political subjugation of the working class, and therefore calls upon all workers to join us in attaining that end. We recognize that a high standard of living is essential to the intelligence necessary to the overthrow of the capitalist system. So long as the capitalist system remains we must make the maximum of the present standard living in America, but its improvement we recognize in the competition of Capital laborers a menace to the press standard, and an obstruction to its improvement. Defend the working class against the capitalist system, and the capitalist system against the working class."

"VII. The Socialist Party believes that the importation of Asiatic laborers is a menace to the progress of this nation. First, Progress, these nations are being subjugated; the progress of these peoples is at home; second, Victory of the

means of wealth production (natural resources, factories, mills, railways, etc.) into the collective property of the working class."

"VIII. Thorough and democratic organization and management of industry by the working class."

"IX. The establishment as speedily as possible of production for use in lieu of production for profit."

"The Socialist Party, when in office, shall always and everywhere, until the present system is abolished, make the answer to this question its guiding rule of conduct."

"X. Will this legislation advance the interest of the working class and aid the workers in their class struggle against Capitalism?"

"If it is in favor of the working class, the Socialist Party is for it; if it will not, the Socialist Party is absolutely opposed to it."

In accordance with this principle, the Socialist Party pledges itself to conduct all the public affairs placed in its hands in such a manner as to advance the interests of the working class alone."

Hence arises a conflict between the capitalist and the working class for the possession of the power of government which the working class must use for its own ends.

The present economic system is based on individual ownership of the necessary means of production, distribution and exchange. Private profit is thus made from the exercise of social functions and an ever increasing share of the products of industry is absorbed by persons or as corporations.

The present economic system results in the masses of the capitalist and the slavery of the working class.

So long as the capitalist class retains power over the governmental powers the forces of the state will be used as they are now being used for the protection of the capitalists in the robbery of the working class and for the perpetuation of their so-called property rights.

The present capitalist system must be abolished and the working class set free from exploitation at the hands of the capitalists.

This can only be accomplished by the transforming of the means of production which are socially necessary into working class collective property. This implies the expropriation of the present capitalist owners.

Hence arises a conflict between the capitalist and the working class for the possession of the power of government which the working class must use for its own ends.

The growth of the working class is manifested by the struggle for better conditions.

The working class must unite to end the capitalist system and which the capitalist class desires to retain for the purpose of maintaining its power of political and economic oppression of the working class.

Merchants and Taxpayers. Endorse Assessor Dalton

The following leading business men and tax payers have signed an endorsement of Henry P. Dalton's cause as County Assessor and urge his re-election upon the voters of Alameda County. The list is an imposing one:

TO THE VOTERS OF ALAMEDA COUNTY: DURING THE INCUMBENCY OF TWELVE YEARS, IN THE OFFICE OF COUNTY ASSESSOR, HENRY P. DALTON HAS PROVED HIMSELF TO BE A CAPABLE, UPRIGHT AND FEARLESS OFFICIAL, AND HAS EQUALIZED THE BURDEN OF TAXATION ON A FAIR AND EQUITABLE BASIS OF MAKING JUST AND FAIR ASSESSMENTS OF PROPERTY WITHOUT REGARD TO PERSON OR LOCALITY, SHOWING FAVOR TO NONE AND UPHOLDING THE PRINCIPLE OF THE LAW'S RELATING TO THE LEVYING OF TAXES HIS RETENTION IN THE OFFICE OF COUNTY ASSESSOR IS THEREFORE OF GREAT IMPORTANCE TO THE TAXPAYERS IN EVERY PART OF THE COUNTY. IN RECOGNITION OF HIS FAIRNESS AS ASSESSOR AND THE COMPETENT MANNER IN WHICH HE HAS MANAGED HIS OFFICE, THE UNDERSIGNED CITIZENS AND TAXPAYERS OF ALAMEDA COUNTY DECLARE THAT THE BEST INTERESTS OF ALAMEDA COUNTY CALL FOR THE RETENTION AND RE-ELECTION OF MR. DALTON, AND WE HEREBY PLEDGE HIM OUR SUPPORT AT THE COMING ELECTION.
